AN INTERESING STATEMENT. A SECRET CHAPTER IN THE RESELof the Rebris to Capture Washing-ton--Remarkable Statement of a Washington Lady.

The Washington expression of the Syra-cuse Journal sends or that place the following filtermut, related to the correspondent, who can preferred by this independent of the Syra-gouis followed the man to Virginia, and I go benefit line, while conceased were the wind a section held, i.e. the who story, with addition and exaggregation. The story was fived, and Washington are saved, continued to the properties of the story of the story with distinct and exaggregation. The story was fived, and Washington are saved. premares at my this indisordantifor. The firing name fort signifier, as we all rismember, was a terrible shock to horthern people. The blex suppressed muticing of the conting stock and scarceny intribled a single heart. Understands as that generating as to even the irmore of which there was a false of the wisset. But which opes amoused the alarm be directed on elasternation; and for, perhaps, were so caim and collected as to contemplate the intengrating of the insignificance of the intengration of empty reduction by tring on a single fort, and distant from the capital feebly manned and short of supplies. If soin ratherity person ever for a moment maryfilled Nant the 1st demonstration had onlike the Nant the State demonstration had on them fands but the capital less to will defended; that the state the rather the capital was too will defended; that the fast the fast that fast and the state of the manner of the moment of the robot of anyther state of the robot of anyther of Galbonn, had long since been sowed and had pring up and been challed the first ovoit exhibition was the attempt to assessing a facelon. For years the schoners had been buy with prophesions, sending our ships to the only of the order of the schoners had been buy with prophesions, sending our ships to the order of the order of

mer's parties are remained here during the yearnot going home at all for wish this family, but
hierarchy are the winter to has him, and be
hrought her to disc with us. He gave his whole
time and all his energies in aid of the Union
cause, visiting the hospitals, helping Union
refugees, treservining for the siefs and maxing
him-self useful wherever and whenever is could
find snything to do. His father had been a
physician of the allopathic school, and from
him Mr. Parsons had acquired considerable
knowledge of medicine; at home, he saids he
was as often called "bector" as "Equips.
He was at mithusinatic homoropath, and printiced homography whenever there was an opticed homography whenever there was an opticed homography whenever there was an optimity. He continued his gonito minigrations of kindness all through, the winter and
aprind, and it was ju this way he concructed
that terrible disease, then reging in the city—
the small-pox. He was taken to the hospitalar Kalurama, a little out of the city, but having
no faith in allopathic treathfile for that disease, he aftempted to manage his own casa. Ho
soon becomes of ill as to be beyond the reach of
heip, and died on the 4th of April, 1862. Mrs.
Feles, a play so well known at that time as an
Amed of Mercy to "the box" in hospital and o first event exhibition was the attempt to massing throots. Per years the scheme; and de been body with propriations, sending our tips to the ends of the carth, that they might be on each when heeder! Loval offices of the army and many had been cunningly or red to distant parts, while distoyal man were inveniently at hand. Armanents had seen, with stanic zeal, dispersed where they add do no good. The troops yet had been conveniently at hand. Armanents had not not not been a stanic zeal, dispersed where they add do no good. The troops yet all how much that a nife of all distributes out the troops that a nife of a dispersed where they weaken the detended of the povernment and y it helpliess at the feet of the rebels. Mover as a capta, of a great union let so utterly sinceders! Trainers satis high places. If it is the cabinet they were in capters. If these facts in view, it requires no great retch of inherination to believe that thou was deeply kair just to attack washington on the me day and hour of the attack on given to become any and hour of the attack on given to be provided the standard had not carefully haid down the distalls being the tepring of the very strategy that the government of the stig, one whose geometicinions retail for sections of statement is recognising of the very strategy that the government of the stig, one whose geometicinions retail for sections of statement is recognising, and so of the provided plant wom deficited to all who edify the plantant of the recognising of the form of a father of the provided plantary of the recognising all of the father of the provided plantary of the recognising and so of the John of the latest the provided plantary of the recognising along the John of the latest the provided plantary of the recognising a down of the John of the theory of the address of the John of the hour recognising the provided plantary of the recognising the section of the provided plantary of the recognistic of the provided plantary of the recognision of the provided plantary of the r and a truer friend to his country, novor lived.

EXTIFIED SOCTHENDERS.

About his middle of the same month I received a call from Mrs. M. H. Brown; wife of the sculpton. The was on hot way home from Golumbia. S. O., where she had, been for some months, Mr. Brown having been engaged before the way to execute some scalary for their State Capitol. She asked if I knew why our city was not attacked by the rebost in April. 1861. It was understood, sin said, all through the Booth that it was to be; and she had been fired frod oneas well as an ma-mystery.

I have kept these memoranda among my pa-likative kept these memoranda among my pa-likative among my pa-likative memoranda my pa-

Gentral New York. Allnium or Penn Yan.—I am not cartal which, for he had lived in both places.—Ho was introduced to its by our frahad. Riss Myriffla Minor, founder of the high act out for girls in this city. I was togoldy impressed with his poperance. He was 'tall and tim, with feathers' attempts at items in a remarkable degree, the attempts at itemses in a remarkable degree, the attempts at fixer I vor saw. He seemed to me a very tweerfor strength. He had bern wet him by a union began at the north, to watch the measurement of the rebells and do what wes in his power in the interests of the union. Finding us warmly devoted to the same cane, he came frequestly to see as, saying he few more at, house with us than in any other kome in the city; and 'front lime to time disclosed to us fants and incidents' connected with his work, of some of the most important of which my brother an, I made memorand, at the time.

He had in his employ a number of persons whom he sent to different places in Virginia and elsewher, under various protectes, to observe the inventous of the rebelifiend bring him information; and in this way he become eguizant of many of their plans, and often

doften or four times as much. The receipts are not above see well average, and some of that soming to hand it held for since to shoot the set of the second rectary To CAPTURE WARKENOTOX.

most is portant and wording of shose nications was the means by which he odd in preventing the attack on Wash.

It was condensity reported some time, to the attack on Sunte, that Wash.

To the attack on Sunte, that Wash.

So taken and do troyed. Mr., by making of his emissaries, as well in own eigenstoms to Vignina, had not not to be a suntent that much was the intention; and angednetic were being undo under the noft to Knight of he Golden Circle.

hundred mon were to dome unfree. forcements, which were expected from that city and from Washington, and resculping Washington and resculping Washington, which was the property of the prope

Before going further I will state that all through the winter, more especially the latter part of M, a rabble of low physic light lighter of the stry, reading the street after flark, making the inight hider us with their noise, and raidering its mustel for those who was the contract. the hight hide us with their noise, and rudde-ing it unsafe for those who are known to be. Union people to be abroad, Gaopps of them were cometimes seen at our corner (E and Shi N. W.), and my procket standing at his library window; had bearf them falling over their plan of nichnic; but, as anness were never used, as could learn rotating definite. Just before the attack on Samfer these royalical disappeared, and it was noticed by well disposed people how still and quiet the streets, were. These youthers from the city, and with them Dr. Boyle and Walton Louncer, one Mayor of the city, and arampant Southerner, went dewin a little below Alexandria, and encamped there to the number of several hundred, and these formed, the

mediens of what was alterware and uncommenced at Manassas.

In connection with this, another fact should be told. That before this, Mayor Berret, of this city, has caused to be sold, under an ordinance of the city government, all the first hose belonging to the city. The presence was that they were too much work to be of anytho. This was well known at the time, and I remember it distinctly, as well as the fearful consoloundes that if a presence of the state of the stat

THE ENDERSH OF THE GO.DER CIRCLE.

Mr. Parvous, at that time in the secret employ of the government, had beer out in Efficience and the second and the second and the second attack the neglital, and he risolved to defeat the plot. He had previously obtained what information he could concerning the Order of the Knights of the children Circle, as leighten existed throughout the Southern States; and he had some knowledge, though imported, of their riphor. He could therefore excily assume the chiracter of a Kright! The pusticator of Richmond, as he knew, was a member of the order. To him Mr. Parsons addressed a leiter, bearing the marks of the united heat, at this effect, "We do not think it best under present circumstances to attick Weshington i temorrow. There are sixty thousand men, within a low hours mark of the circ. the all be madness to undertake it with the handled of men when of the circ. The letter-was addressed. "My Dear Brather of the K. G. C. and signed with the cipher of the order, as nearly correct as the writer could make it, thenting that the evident has to would appear to assume for its fixed of correctness. It was sent to the ment on the increasing the section of the This letter, Mr. Parsons lear ted through his. THE ENDERS OF THE GO DES CIRCLE.

It was sent to the mound on the morning as on-13th of April.

This letter, Mr. Parsons bear ted through his sgents, was preserved at night. A intesting of the finishts of the Golden Circle was to be held, at nine o'clock, to complete arrangements per-pendicularly for sering off upon the exposition. The postubaster to it the letter to the baseling, where it was read and discussed. It was taken for covariable that; harders knight light written where it who read and discussed. It was taken for granuly that a border laught flad switched it, and the anticipated expedition who deterred thit there should be estronger.

The first of the week following, from the 16th to the brin, fir, Persona taked with a Viruta-ian, and whi him tood knowing he grand go boung and repeated he had beard, fifthat there were five bunders, Northerm Adoltabilists con-ceased in the Tapitol, (we hundred, and fifty in
